

TOWN OF OAKFIELD
PUBLIC INFORMATION MEETING
MARCH 4, 2015

ROLL

CALL: Supervisor Glor, Town of Oakfield
Deputy Supervisor Sage, Town of Alabama
Councilman Fisher, Town of Alabama

OTHERS

PRESENT: Town Clerk Haacke, Town Of Oakfield
Town Clerk Borkholder, Town of Alabama
Public Works Supervisor Dennis, Town of Oakfield
Assessor Flansburg, Town of Oakfield
Attorney Boylan, Town of Alabama
Tom Carpenter, Clark Patterson Lee
Jeremy DeLyser, Clark Patterson Lee

Tom Carpenter of Clark Patterson Lee opened the meeting with the Pledge to the Flag at 7:00 pm.

Introductions were made and Mr. Carpenter reviewed the hand out.

Mr. Carpenter stated that this is a joint project and the information of this meeting pertained to residents within the proposed district. These residents are outside of the STAMP area.

Water Standards for this district will be taken from the Town of Batavia; Town of Batavia will do the Operation & Maintenance.

A question was asked of how long this district was in the works. Deputy Supervisor Sage stated that a resident of the Town of Alabama came to an Alabama Town Board Meeting and asked if they could get water at the beginning of the year. Deputy Supervisor Sage made a call to the Town of Oakfield and that started the talk of the district. Deputy Supervisor Sage stated that this is a golden opportunity for Alabama residents.

Public Works Supervisor Dennis stated that it is Oakfield's goal for every house to have water and that there is only one house that never will. Oakfield has been looking at Macomber Road for some time and doing this as a joint project makes sense.

Mr. Carpenter also stated that since this is a joint project, the district will be formed after Rural Development has reviewed the application. It could be that numbers may change and if so petitions will be passed again.

Will no further questions coming from the audience the meeting closed at 8:25 pm.

Respectfully submitted,

Melissa M. Haacke
