Mr. Carpenter stated:

A lot of thought and planning has gone into this over the past 10 years
The current building dates back to 1946
Court facility is the main push; inadequate bathrooms, no attorney space, deliberation area, etc.
If this upgrade does not happen there are many band aid fixes that need to be done
This project will not increase taxes

This proposed building will promote community and be available to accommodate meetings.

The building will be 100% ADA compliant

The residents in attendance support the project; no negative feedback was given.
