PRESENT:

Norma Waldron, Town Resident

Mayor Ambrewster called the meeting to order at 7:00 pm followed by the Pledge to the Flag.

Mayor Ambrewster opened the meeting by reading a statement which noted that there is over 20 miles of water system maintained, water storage/water chlorination station and user fee for maintenance.

It was then stated that without the "user" fee the water rate would be \$7.00/1000 gallons.

Clerk/Treasurer Maguire stated the user fee pays off debt service and some of the debt is included in the water rate to pay for all Village debt.

Supervisor Glor asked where the \$40 user fee goes.

Water Tower Debt	\$109,000 payment	\$2.654 million BOND
Farnsworth Ave. Project	\$ 13,000 payment	
DOT Project	\$ 55,000 payment	
Water BOND		
Water Tower	\$24.50	
DOT	\$12.50	
Farnsworth	<u>\$ 3.00</u>	
	\$40.00 User fee	

Water BOND \$11.75 cost in water rate

Rural Development requires a \$6,000.00 reserve per year for the Tower.

There are 651 Village Users.

There was much discussion going around the table regarding the Village debt.

Superintendent Dennis recommended that any debt included in the water rate should be removed, only water rate and operation & maintenance should be in water rate.

Put all the debt in the user fee. The only debt the Town users should be paying is for the Water Tower, the rest is Village debt that Town users had no say so.

The village disagreed.

The meeting adjourned at 9:10 pm.

Respectfully submitted,

Melissa M. Haacke,
Town Clerk
