

**CONFERENCE CALL**

**NYSDOT DAN STAHLEY**

**JUNE 9, 2021**

**Roll**

**Call:** Supervisor Martin  
Superintendent of Highways Schultz  
Town Clerk Haacke  
Assessor Flansburg  
CEO/ZEO Mikolajczyk

At 11 am the following took place regarding the Oakfield Betterment Committee's 2021 Labor Daze

Supervisor Martin asked Mr. Stahley if the Village of Oakfield could apply for the Perm 33c alone

Mr. Stahley: YES! Then the Village would be solely responsible for the event. The Town will have to provide a letter allowing the Village to use Fisher Road as a detour.

As long as the Town does not sign as a co-signer the town is out of any liability issue.

Supervisor Martin: Who is responsible for putting up and ensuring proper signage?

Mr. Stahley: If the Village applies, they are responsible because it is their event.

Supervisor Martin: Can they borrow our signs?

Mr. Stahley: Yes! But proper placement and ensuring they remain in place falls on Village DPW.

Supervisor Martin: Does the Village need an additional insurance policy

Mr. Stahley: They agree to repair any damage caused by event
